

NOBEL CONCRETE INC.

1777 DE WENT DRIVE

JENISON, MI 49428

Warranty Conditions

We only repair or replace the section(s) that fall into the category of what we warranty.

Cracked Concrete

(Industry standard before repair or replacement is 3/16")

We warranty against cracking that is 3/16" or greater in separation or height difference.

Popped or Chipped Concrete

(Industry standard before repair or replacement is a minimum of 20%)

We will repair or replace if a minimum of 10% or more of any given section of the work we did is popped or pitted, or of small pieces located on the edges break off. Your driveway approach is subject to salt overspray from the city/county plow trucks, as a result we require a minimum of 20% before we repair or replace your approach.

Warranty issues will be addressed during the months of July and August. If we are unable to service you during these months, we will service you the following year (even if your warranty has expired), providing you contact us before your warranty expires.
